

Chinmaya Sakshi

Oct-Nov 2008

E-Newsletter of Chinmaya International Residential School

On behalf of the Editorial Team, we would like to thank all the students and teachers of CIRS for having encouraged us after our first E-Newsletter. We would also like to thank Anurag Sir for his constant encouragement and all the parents who appreciated our hard work and effort.

Communicating the events which take place in the school to the parents is the duty prescribed to us and we continue to strive to strengthen this connection between the parents and the school. However, this is only possible through your encouragement.

Enjoy this edition of the Chinmaya Sakshi!

Alumni Reunion

This year our Alumni Association hosted their 2nd reunion on the 9th and 10th of August in CIRS. We had 42 alumni attending the reunion this year. On the 9th the President of the Alumni Association Mr. Rhuteyu unveiled their new logo and their new website. We traveled back in time and enjoyed the recount as some of them spoke about their time in school. They also gifted 42 DVD titles to the school which included CIRS' first Blu - ray title, The Pursuit of Happyness. We were delighted to have some of the best and favourite titles like An Inconvenient Truth, Harry Potter series and BBC's Planet Earth (complete series). The students enjoyed interacting with the alumni and could relate to their experiences. They also engaged in games, such as football and basketball against the alumni. It was indeed a memorable experience.

Saraswati Pooja

The most wanted goddess during examinations, the eternal giver of knowledge, our **Mother Saraswati** was worshipped in our school on the 9th day of **Navratri**, October 8th. We began the day with a pooja of the books of our most challenging subjects and invoked Goddess Saraswati's blessings for the new term - the 2nd term of school - to help us fulfil our promises and resolutions so that we can end the year with flying colours.

English Quiz for Juniors

The English Quiz was conducted on the 22nd of October. The Quiz was conducted on various topics which covered a large portion of language and literature. Some of the topics were, idioms where the students were asked to justify whether the idiom was true or false and Commonyms where the students were asked to find the common thing between three things for example - ocean, hair, brain, what do these thing have in common? They all have waves.

This Quiz came to an end with a tie between the Valmiki, and Viswamitra House, and three more rounds had to be conducted to break the tie.

Finally the Viswamitra House won the Quiz followed by the Valmiki, Vyasa, and Vasishta House.

This was truly an enriching experience for all of us.

Diwali

The festivities started with the celebration of Dhanteras worshipping Lord Dhanvanteri, the God of Ayurveda. Special Aartis were held for all the students.

The magnificent festival of lights is always celebrated with great pomp. The day began with a dazzling spectacle as students of CIRS explained the significance of Diwali. Throughout the day we felt the festive ambience. We were treated to a scrumptious lunch. In the evening our presence was graced by Swami Swaroopananda, who further explained how Diwali is celebrated. This was followed by Lakshmi pooja, where students prayed for prosperity. Of course this was followed by the most exciting part of the day...FIREWORKS! We raced to the athletic field and indulged in hours of magic.

The “festival of lights” signifies the return of Rama to Ayodhya and the victory of good over evil. The “light” breaks our ignorance and imparts on us knowledge with which we can live our lives fully.

Bhai Dooj

There are no words to describe the beautiful relationship of a brother and sister, it is just simply unique.

During Raksha Bandhan the brothers showed their sisters how much they love them now it is the turn of the sisters. On the 30th of October we celebrated Bhai Dooj where the sisters presented a skit for their brothers and they even gave them some awards, thus expressing their love and feelings and even thanking their dear brothers for their help and support.

The sisters really enjoyed doing this for their brothers just as much as the brothers enjoyed watching the show.

Mathematics Quiz for Juniors

Mathematics dreaded by many and loved by others. Mathematics is a subject which is said to be confusing, difficult, boring, interesting, exciting and really simple. But the two words that define the Mathematics Quiz held on the 5th of November, 2008 are - astonishingly enriching!! The Quiz was held in the Amphitheatre.

The first round was the “Matchstick” round where each house was given two questions regarding the formation of geometrical shapes with matchsticks. This round exposed the audience to the simple principles of Geometry.

In the third round the participants were asked to choose topics from the given options and were questioned on the topic. The topics included Geometry, Statistics, Percentage, Reasoning, Algebra, Mensuration, etc.

The last round was the Rapid Fire Round where each House was given one minute to answer 10 questions. It was really a nail-biting round. After this, the Quiz came to an end with the results being Vasishtha in the first place followed by the Vishwamitra, Vyasa and Valmiki House.

We found it very informative and the programme on the whole was a magnificent journey which helped us to learn Mathematics in a simpler yet joyous way.

Sahodaya Athletic Meet

Our school hosted the 31st Sahodaya Coimbatore CBSE Schools Athletic Meet on the 7th and 8th November 2008, Mrs.K.Navamani the Principal of Angappa school graced this occasion as the Chief Guest. The individual track events took place on the 7th, while the relay and the field events were conducted on the 8th. After the events on the 8th, we had the prize distribution ceremony. Our Chief Guest, Mrs.K.Navamani awarded the athletes and winners and presented her token of appreciation. The participants came up with flying colours and among them Dhiaan.S.S and Sachin Sancheti of CIRS in the Super Senior's category were awarded the Championship Trophy.

Children's Day

Children's Day is a day which is enjoyed by children every year to celebrate and commemorate the birthday of the first Prime Minister of India, Jawaharlal Nehru due to his immense love for children.

The celebrations of this day began in the juice break when every child was given a packet of chips, juice and a bar of chocolate. It was a delight to see the faces of all the children when they saw their favourite snacks!

Special activities were organized during games time which was thoroughly enjoyed by the students gradewise.

In the evening, the students got a wonderful surprise from the teachers. The teachers had organized a special presentation which comprised of a play, songs sung by the teachers and a fashion show too! There was also a video presentation which was very touching.

It was a truly memorable event which no child in CIRS will ever forget!

Inter House Aquatic Meet

The school Annual Inter House Aquatic Meet 2008 was held on the 23rd and the 24th of November. The events took place according to the age group classification. It started off with the Butterfly Stroke followed by the Back Stroke and the Breast Stroke events. Once this was over, the 50 meter event was followed by the 25 meter events.

The Individual Medley event of 100 meters for the girls and 200 meters for the boys took place. There were also 800 meters and 1500 meters events. We cheered loudly for our team mates and winners during the prize distribution ceremony.

In this year's Aquatic Meet, Viswamitra House came first followed by the Valmiki, Vyasa and the Vasishtha House respectively.

Junior Science Quiz

On the 19th of November 2008 the Junior Science Quiz was conducted and it was a great success due to the innovations it had this time. The Quiz consisted of four rounds General Round, Buzzer Round, Picture Identification Round and the Mixed Bag Round.

In the Mixed Bag Round each student from every House was asked a question depending on the grade they were in. In the first 20 seconds, they had to answer by themselves but after that, they could take help from their team mates.

From Geology to Computer Science, the students had a great variety to choose from. One of the most interesting part of the Quiz was the facts that were displayed after every round which were very informative.

Vyasa House bagged the first place followed by the Valmiki, Viswamitra and the Vasishtha House respectively.

The Hindu Young World Quiz

This Quiz was conducted on the 27th Of October in Coimbatore. The Winners would get a chance to visit Vizag for the nationals.

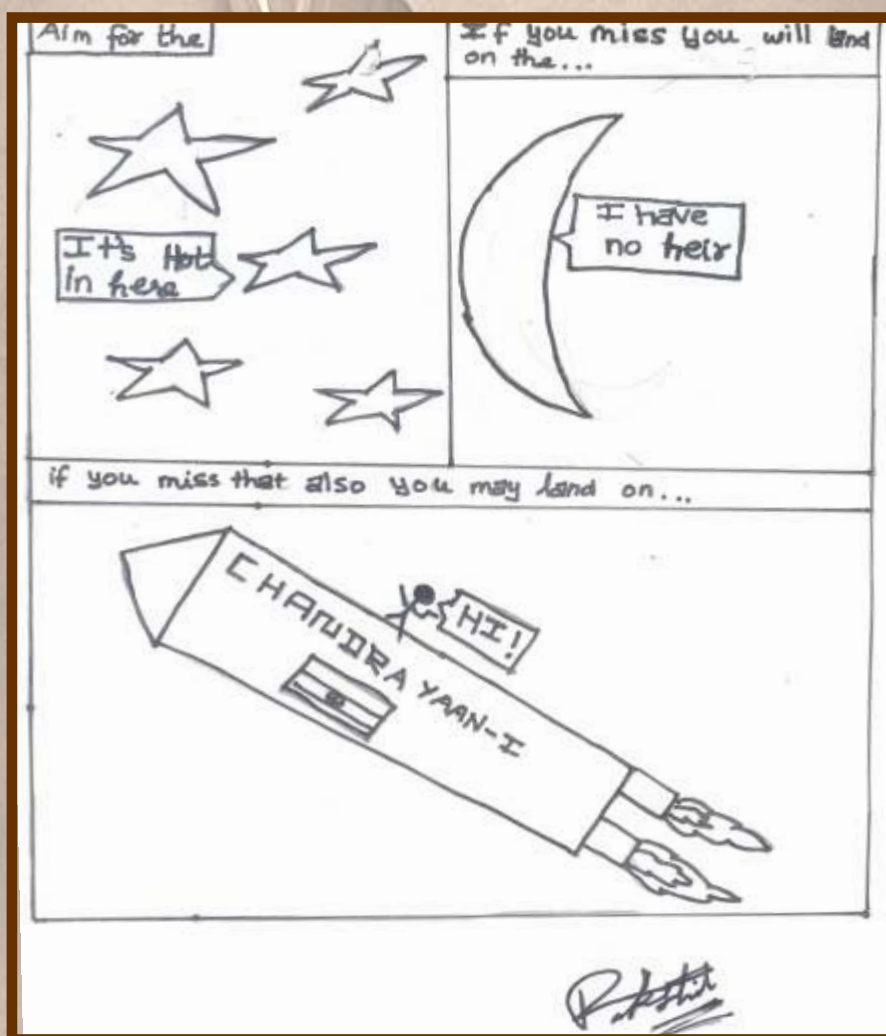

From our School, six students went to the CIT (Coimbatore Institute of Technology) Auditorium for the preliminary round. There were over 400 teams each comprising of two students, from all over Coimbatore and nearby districts.

One of our teams by name Mokshya, comprising Harsh Shah and Utkarsh Krishnan had secured the third position in the preliminary round. This gave them a chance for participating in the city finals. They answered a lot of questions and secured the second position in Coimbatore.

They received many prizes including a Trophy, a Kodak Camera, Chocolates, Fire fox vouchers and many more... Two of our other students, Archit and Srijan also received prizes for the audience round. CIRS brought home laurels once again.

Comic Corner

These comic strips were made by Rakshit Bohra of 9-C, a talented student whose interest in making comic strips began at the age of 14. He has a great imagination and knows wonderful ways to look at the funny side of life. Whenever he has free time, he takes a paper and pen and starts drawing these strips. Look forward to more of these in every issue...

Happy Vacation!

It is holiday time and therefore fun time. Enjoy your holidays and if an interesting event occurs, which you would like to share with the CIRS family, do get back to us at cirsnewsletter@gmail.com, and we shall publish it in the next edition ! Happy Holidays!
