SAMPLE QUESTION PAPER

3. It was (me, I, my) who closed the windows.
4. I bought these books, they are (me, my, mine)
5. (These, This, There) is a post office nearby.

SECTION B

COMPREHENSION

1. Read the following passage and answer the questions

THE BERMUDA TRIANGLE

The Bermuda Triangle or the Devil's Triangle is a mysterious region in the North Atlantic ocean in which more than 50 ships and 20 planes have disappeared during the past two hundred years. This area is bounded on its three sides by Florida, Puerto Rico and Bermuda. The triangle extends between latitude 25 degree to 40 degree N and longitude 55 degree to 85 degree W and covers an area of 3,900,00 sq km (1,500,00 sq miles).

Many ships, when they reach this region, fail to send radio signals and disappear mysteriously. The most notable was the loss of the U.S. nuclear submarine 'Scorpion', in May 1968. In December 1945 five bombers on a routine training flight were also lost. A rescue mission also vanished in this triangle. So far, more than 1000 people have lost their lives in this area.

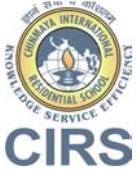

Although there have been many attempts, nobody has been able to unravel its baffling mystery. Some scientists believe that violent downward air currents destroyed the ships and planes and ocean currents carried the wreckage away. Some others maintain that there is a strong magnetic field in this area which cuts away the radio signals. But, so far, nobody has been able to put forth a fully convincing account.

i. The purpose of this passage is to

- a) provide interesting information.
- b) narrate a scary real-life story.
- c) teach about radio-signals.
- d) Indicate geographical distances.

ii. The mystery of the Bermuda Triangle is a puzzle because

- a) a nuclear submarine was lost there.
- b) more than 1000 people have lost their lives so far.

SAMPLE QUESTION PAPER

- c) the wreckage of ships and planes has not been found.
- d) a strong magnetic field has been detected in the area.

iii. In paragraph three, the word 'its' refers to

- a) the ships
- b) the planes
- c) the Bermuda Triangle
- d) the rescue mission.

iv. The first mysterious incident may have been reported in this region around

- a) 200 years ago
- b) 1945
- c) 1968
- d) 1975

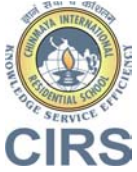

v. The meaning of the word 'convincing' in the passage is

- a) persuasive
- b) weak
- c) urging
- d) inducing

2. Read 'Jack-of-the Inkpot' and answer the questions

JACK-OF –THE-INKPOT

I dance on your paper,
I hide in your pen,
I make in your inkstand
My little black den;
And when you're not looking
I hop on your nose,
And leave on your forehead
The marks of my toes.
When you're trying to finish
Your "i" with a dot,
I slip down your finger
And make it a blot;
And when you're so busy
To cross a big "t",
I make on the paper

SAMPLE QUESTION PAPER

A little Black Sea.
I drink blotting paper,
Eat pen wiper pie,
You never can catch me,
You never need try!
I leap any distance,
I use any ink,
I'm on your fingers
Before you can wink.
- Algernon Blackwood

i. Who is Jack-of-the Inkpot?

- a) a pen
- b) an ink bottle
- c) an ink drop
- d) a small insect

ii. The tone of the poem suggests

- a) playfulness
